The Grooveline

In the winter of 1992, five demented LA musicians formed The Grooveline to pay tribute to the funky sounds of the 70's, complete with polyester suits, John Travolta dance moves and eight inch afros. Grooveline is a five-piece group featuring guitar, bass, drums, keyboards and a funky lead vocalist. Their show has been described as hilariously creative and surprisingly authentic with superb vocals and outstanding musicianship.
