

Over 20 years of experience

Many options available, from a solo panist to a seven piece band

Harmonics Steelband

Since 1980 the Harmonics Steelband has warmed the hearts of Bay Area music lovers and party-goers with the scintillating sounds of its steel pans and its pulsating Caribbean rhythms. At parties, weddings, receptions, promotions, concerts and festivals, these exciting musicians create an ambiance that leaves a lasting impression. Through years of experience, the Harmonics have developed a dynamism in touch and tone together with a musical repertoire to suit just about any occasion. While their main course of music is the happy polyrhythms of calypso and reggae, the group also includes in its repertoire some bossa, classical, and contemporary tunes. The Harmonics boasts a unique mix of panists from different Caribbean islands including Grenada, St. Lucia, Trinidad, and Tobago. Whether the occasion calls for dancing, listening, or background music, the Harmonics have demonstrated they know how to make an event truly special. They bring the same enthusiasm to a cocktail part that they project on the stage of a festival or a chamber concert.
