## THE HOLLYWOOD SWINGERS

The HOLLYWOOD SWINGERS are the best thing to hit San Francisco since sourdough bread. They're fresh, tasty and just about perfect for any occasion. With a big splashy sound explosively delivered by four lead vocalists and a fat rhythm section, "The SWINGERS" are the perfect high-energy dance band. The HOLLYWOOD SWINGERS offer a tempting menu of options to compliment the perfect event you might envision. The band can flex between seven and nine musicians. Nine would include a crushing three piece horn section. For a flashy, visual explosion, the band incorporates The RODEO DRIVE DANCERS. Up to four dancers (female, or male and female) are available, with a variety of costumes themed to the event. See the band's extensive song list for the many styles, eras, and types of music available.
