

## Le Ombré

Le Ombré is a cast of world-class performers who never fail to put the audience in a state of awe.

Using the silhouettes of their bodies projected onto a giant screen the performers create images that can tell a simple story or deliver a powerful message. Their incomparable style, which combines shadow acrobatics, modern dance, and ballet, creates a visually stunning, unique style of live entertainment and storytelling that is both dynamic and compelling.

For general sessions, after dinner entertainment, or in a full theater show, Le Ombré can be customized to incorporate company branding and inspire your audience to reach new heights and use their imagination and creativity on a day to day basis. By taking the silhouettes and adding multimedia, lighting, special effects and music our creative team provides a show that is like no other.
