

the pickPocket ensemble

"A fixture of the Bay Area's eclectic music scene since 1998, pickPocket Ensemble echoes Parisian cafe music, Gypsy jigs, and ragtime shuffles with an infectious musical intimacy that turns living rooms and clubs alike into a grotto or oasis.

PICKPOCKET ENSEMBLE

The **pickPocket ensemble** was formed early in 1998 to bring to life in a fresh way some of the older folk and cafe music styles of Europe. The music of the **pickPocket ensemble** carries flavors of Parisian bal musette, Italian folk and Eastern European folk, as well as adding early American jazz and swing to the mix. What they have forged in this blend is elegant swinging café Music, a unique music that is truly their own, familiar and inviting, and at the same time fresh and new.
